

In Charge Electrical Services: Residential Wireman/Journeyman

In Charge Electrical Services is the one of the largest residential electrical construction companies in TX with branch locations in: Austin, Dallas, San Marcos, Temple, and Fort Worth. Founded in 2007, In Charge began with just 3 employees and has grown to over 180. We work with the nation's largest home builders and pride ourselves on the quality and consistency of our construction work, and on post-sale homeowner service. Our employees, the reason for our continued success, are the best in the business.
